

Continuous fog output (30 - 40% more fog than its G100 predecessor) from our Rapid Change Technology Heat Exchanger. The Show Fogger incorporates a large heating block, a strong whisper-quiet pump, and our award-winning Rapid Change Technology. The machine has a large one-gallon integrated fluid tank that prevents leaks and drips, a built-in handle, special hammer-tone finish that resists scratches and wear and a built-in 4" hose adapter.

The Show Fogger has our standard **One-Year Warranty** on all parts and service and a **Lifetime Warranty** on the heat exchanger.

Features:

- Continuous Fog Output
- Rapid Change Heat Exchanger Design
- Microprocessor Controlled
- Heavy Duty Powder Coated Chassis
- Electro-Mechanical Over Temperature Protection
- One-Gallon "No Leak" Integrated Fluid Reservoir
- Includes a Rapid Change Replacement Kit
- Illuminated Fog Ready Switch on the Remote
- Includes Full Function Timer Remote Control
- New RJ45 Neutrik Connector with 25' Cable

Output:

- Fog Run Time: Continuous
- Fluid Consumption: 60 cc/min.
- Technical Benchmark: 7,560 cfm at 1 meter visibility
- Competitive Comparison: 15,000 cfm

Specifications:

- Length: 22 1/2" 57.1cm
- Width: 9 3/8" 23.8cm
- Height: 9 1/2" 24.1cm
- Net Weight: 25lbs 11.3kg
- Shipping Weight: 30lbs 13.5kg
- Net Weight w/ Fluid: 35lbs 15.8kg
- Power Cord: 6'
- Heater Watts: 1,400 Watts
- Rating: 12 amps @ 115 volts
- Regulatory Compliance: CSA, UL Certified

Le Maitre fluids appropriate for use in the Show Fogger Pro:

- ★ Maxi Fog Fluid
- ★ Regular Fog Fluid
- ★ Pro Beam Fog Fluid
- ★ Molecular Fog Fluid
- ★ Quick Dissipating Fog Fluid
- ★ Extra Quick Dissipating Fog Fluid
